

5 · Operations

Milestone 3 evidence, item 5: "Ops runbook (deploy/rollback/incident) in repo + monitoring screenshots."

What is in this folder

File	What it is
runbook.pdf	The operations runbook: how to deploy, roll back and respond to incidents for the web app and the API on Render, with the database on Turso
monitoring-screenshots.pdf	The monitoring screenshots, each explained, plus how the same instrumentation covers Output 4's "telemetry for coverage/latency/error budgets"
monitoring/	The four screenshots as image files: Sentry (errors), Grafana Cloud Tempo (request traces), PostHog (web analytics) and Render (deploy status)

Status

Part	Status
Ops runbook (deploy/rollback/incident)	✓
Monitoring screenshots	✓
